Inventory of the Michael Lynch Papers (Fonds)

Biographical History

Michael Lynch (1944-1991) was born in Harnett County, North Carolina. He moved to Toronto in 1971 to be a lecturer at the University of Toronto. He received his PhD from the University of Iowa in 1972. At the time of his death, Michael was associate professor in the English Department, University of Toronto.

Before he died of an AIDS-related illness he was working on a book about male-male intimacy in New York City during the period 1830 to 1880. In 1989 he published a collection of poetry, *These Waves of Dying Friends*.

In 1975 Michael helped to form the Toronto Gay Academic Union, in 1978 the Gay Fathers of Toronto, and in 1989 the Toronto Centre for Lesbian and Gay Studies.

He was a contributor/collective member of the gay liberation newspaper, **The Body Politic**, and was editor of the Lesbian and Gay Studies Newsletter from 1981 to 1988. He also helped found Gay Alliance Toward Equality (GATE), was chair of the Committee to Defend John Darnley, the AIDS Committee of Toronto (ACT), serving as its first chair, and the AIDS Memorial Committee. His involvement in AIDS Action Now was also substantial. He originated the idea of AIDS Awareness Week in 1983. He wrote the first major articles on AIDS in Canada and wrote candidly on his own health status.

He stopped teaching in 1990 and died on July 9, 1991, at the age of 46.

SCOPE AND CONTENT

The Michael Lynch Fonds consists, in part, of the records received at the Canadian Lesbian and Gay Archives from Michael Lynch in 1991. 1987 and 1984. It consists of four sous-fonds: the Michael Lynch sous-fonds itself, the Bill Lewis sous-fonds, the "Whitman in Ontario Conference" (Toronto, Oct. 18, 1980) sous-fonds, and the Lesbian and Gay Studies Newsletter (LGSN) sous-fonds.

The Michael Lynch sous-fonds (91-162) consists primarily of correspondence between Lynch and family members, gay activists and writers, friends and various organizations. It also consists of a number of diaries kept by Lynch, a number of files related to various academic projects undertaken by Lynch, and a rather large series documenting a single academic project, his work on Marsden Hartley.

The Bill Lewis sous-fonds (87-019) consists largely of photographs, and also contains personal documents as well as material from his office at the University of Toronto.

The Lesbian and Gay Studies Newsletter sous-fonds (91-062) consists primarily of a single series. This series, containing one large file for each issue of the newsletter, contains materials such as correspondence, drafts of articles for the newsletter, copies of articles appearing in other publications, working papers for the newsletter, and other materials relating to the newsletter. A separate series relates solely to the Modern Language Association.

The "Whitman in Ontario Conference (1980)" sous-fonds files were donated by Michael Lynch in 1984. To mark the 100th anniversary of Walt Whitman's visit to Canada, Michael, along with Alan V. Miller of the Canadian Gay Archives, sponsored this one-day conference. Whitman scholars from across North America were invited. The papers included several on Whitman's sexuality.

The material consists of display material used by Michael, various papers presented, programs, correspondence and registration forms.

CUSTODIAL HISTORY

This fonds (91-162) was donated to the Canadian Lesbian and Gay Archives by Stefan Lynch following the death of Michael Lynch, as instructed in his will. It was received on July 30, 1991. Other material, donated by Michael, arrived in 1982, and 1984. Alan Miller transferred the last material in 1995.

Other accessions donated by or relating to Michael Lynch include: 82-011; 82-020; 82-030; 82-048; 84-021; 84-023; 84-039; 84-048; 87-019; 88-026; 89-008; 91-045; 91-062; 91-157; 91-162; 92-017; 92-041; 92-065; 94-139; 95-239

Personal Correspondence Series 1

1963-1990

Textual: 1.25m

Accession 91-162

91-162/01 to 91-162/11

This series consists of personal correspondence including letters, postcards, cards and notes received by Michael Lynch. It also contains photographs, clippings, articles and other materials which accompanied the correspondence. Occasionally, correspondence from Michael Lynch to others has been photocopied and placed in the files. Most of the correspondence is from individuals, however, some reflects M. Lynch's interactions with organizations or his work on specific projects.

The correspondence is arranged into three groups. The first two groups of correspondence are files which were created by Michael Lynch and have been left largely in the original order in which they were received. They are arranged primarily by the name of the sender of the correspondence, in an alphabetic order. Around August of 1982 Michael Lynch appears to have stopped filing his correspondence by the name of the individual and merely deposited all letters received into shoe boxes. The third group of files, which were received by the Canadian Lesbian and Gay Archives still in the boxes, has been arranged by archives staff in chronological order by month.

Where materials are arranged primarily by the name of the person who sent the correspondence, often more than a single writer is represented in the files. Therefore, an index to the correspondents in the first two groups of correspondence in this series follows the file listing provided. There is no such listing for the chronologically arranged files.

Name Index for Series 1

The following is a list of names of correspondents with Michael Lynch represented in the first two groups of correspondence files in Series 1. Although the two groups of files are mostly arranged by name, materials were often filed inconsistently, and this list is a further aid to locating correspondence. The list is arranged alphabetically by surname, and the file reference is located on the right. Not all names in the correspondence are included, since some names were indecipherable from the information in the series.

Chronologically arranged correspondence is not indexed using this list.

Diaries Series 2

1961-1981
Textual: 12 cm.

Accession 91-162

This series consists of diaries kept by Michael Lynch. Most are in the form of small notebooks in which he made several entries daily, making various observations about his day. The books cover a short period, but within this period a great many details were noted. Other diaries were passed on to the Archives in 1995 (see Alan Miller's donation 95-239).

Poetry Series 4

1969-1988

Textual: 4 cm.

Accession 91-162

This series consists of poems authored by Michael Lynch. Two of the four files in this series originally consisted of bound

volumes of poetry, one with a table of contents. The other two were loose poems found throughout the records of Michael Lynch. Most of the poems are undated, and the dates accompanying the files in the list below are only approximate for most of the material within the file. Occasionally correspondence such as rejection letters may be found interfiled with the correspondence.

Please note that other samples of poetry may be found occasionally throughout the correspondence files, particularly the early and middle correspondence files.

Research Files Series 5

1964-1990
 Textual: 12 cm.

Accession 91-162

This series consists of a variety of materials created or received by Michael Lynch during research and other activities related to his academic interests. The files contain a variety of materials, including correspondence, notes, papers authored by Lynch and others, drafts of papers to be presented at conferences, copies of articles, and bibliographies.

The materials are arranged in alphabetic order, however, this order was given to the materials following receipt at the Canadian Lesbian and Gay Archives. The file titles sometimes refer to the subject or individual of interest, such as "Hart Crane" or "Auden". Other file titles reflect Lynch's interactions with a particular journal or with a particular conference.

Please note that files relating to Marsden Hartley are located in Series 6.

Marsden Hartley Research Material Series 6

1975-1980

Textual: 15 cm.

Photographic: 194 images

Accession 91-162

Michael Lynch conducted extensive research on Marsden Hartley, an American painter born in 1877 and died in 1943. This series consists of various materials documenting Marsden Hartley and the research conducted on this person by Michael Lynch. The materials are described in four groups: general research files, which contain a variety of notes and correspondence created by Michael Lynch about Marsden Hartley. The second group of files are correspondence files with individuals and institutions which had custody of Hartley's work or were interested in his research project.

These files commonly contain research notes, articles and other materials in addition to the correspondence. The third group of files consists of index cards, each of which recorded information about various works of art by Hartley. The last group of files contain slides collected by Lynch of Hartley's work.

Academic Files Series 7

1964-1990
Textual: 40 cm.

Accession 91-162

These files were compiled by Michael Lynch as part of his duties as a lecturer and during the time he was a student. They consist of notes on various subjects, arranged alphabetically by subject.

Seminar Correspondence Series 8

1985-1989
Textual: 12 cm.

Accession 91-162/21

Michael Lynch participated in an ongoing seminar held by the New York Institute for the Humanities at New York University (NYIH). Although the themes of the seminars differed according to the academic year, the focus remained on human sexuality.

This series consists of a small amount of routine correspondence outlining times and subjects for the members of the seminar, and articles which were presented for discussion. When received by the CLGA, the material were in no particular order, but they have been arranged chronologically by archives staff.

INVENTORY OF THE BILL LEWIS SOUS-FONDS

BIOGRAPHICAL HISTORY

William H. Lewis (1950-1987) was a scientist, gay activist, and AIDS researcher. He died on September 17, 1987 at the age of 37.

Bill was involved with Winnipeg's Gays for Equality in the mid 1970s, having moved there to work on his PhD in microbiology, at the University of Manitoba. He moved to the University of Toronto in 1977 and became an assistant professor in the Department of Surgery and Department of Microbiology.

In the November 1982 issue of the Body Politic, Canada's gay liberation paper, Bill collaborated with Michael Lynch (his lover of many years) on articles that attempted to calm AIDS panic among the gay community. These were the first of a series of level and well-informed papers on just what the disease was doing to a community misinformed by the mainstream media.

Later, he helped in founding the AIDS Committee of Toronto and served on its first board.

SCOPE AND CONTENT

Bill Lewis Sous-Fonds General Description

The Bill Lewis sous-fond has not yet been arranged and described. This description provides an overview to the materials in the fonds.

Photos and Negatives

A large number of photographs and negatives have been processed but not yet arranged, and are located in two letter-sized hollinger boxes. The photographs are typical to those often found in personal fonds, they contain baby photos of Bill Lewis and family, photos of his immediate family and relatives during the time he was growing up, travel photos, photos of friends and lovers.

The photos range in date from the early 1950's to the 1980's. Most are undated, almost none have any information provided about the content or context of the photo. Most are colour.

Textual Material

The textual material is located in large-sized records centre boxes, and has not been properly arranged.

CUSTODIAL HISTORY

The Bill Lewis sous-fonds formed part of the Michael Lynch fonds donated to the Canadian Lesbian and Gay Archives by Stefan Lynch following the death of Michael Lynch, as instructed in his will. Some material was given to CLGA by Michael in 1987 (accession 87-019)

Accession 87-019/01

Box 1 contains materials relating to Bill Lewis' education, including report cards, yearbooks, letters of reference, scholarship notices, etc. It also contains a number of diaries maintained by Lewis, and some materials relating to his death such as condolences and a copy of his memorial service.

Box 2 contains a small amount of personal correspondence, copies of published articles, correspondence relating to his employment at the University of Toronto, and a large amount of material on AIDS, including clippings, scientific articles, and pamphlets.

Box 3 contains curriculum vitae, general correspondence (1978- 85), published scientific articles (1973-87).

Boxes 4-10 include research files on tumour immunity, viral gene transfer and other scientific pursuits. Only box 6 contains more personal material on AIDS, including the AIDS Committee of Toronto.
